## Janis Rafferty Brings Home Honors, Placing First in State Poetry Contest

Janis Rafferty (A-10) won the sweepstakes award for the best poem written by any student on any subject this year at the state convention of the Federation of Chaparral Poets at Santa Cruz May 28-29.

Also present at the presentation was Mrs. Mormino, Janis' creative writing teacher, who gave a speech.

Janis was one of over 1300 senior high students throughout California who entered the contest, which was also open to junior high students and adults.

This is the first time Janis has ever entered a contest, she admitted, although she said she has been interested in poetry ever since the fifth grade when she wrote her first poem, She had creative writing in junior high and now she is working with other creative writing students on Pegasus, school magazine. She is currently a foreign language major, but Janis said she would like to major in English at one of the University of California campuses after graduation.

Next year Janis said she will not be studying at Bingville but in Lebanon with her family. Although she is studying French, she will be studying German at an American school.

## Student Council Adds Proviso For Songleaders

Requirements for becoming varsity songleader at North Hollywood have changed through a Student Council amendment of the constitution, announced Mrs. Burbank, sponsor of Drill Team and Songleaders.

The new pre-requisite will be that all candidates for the position of varsity songleader will have to complete one "successful" semester as a member of the Huskie drill team. The present requirements for songleader will not be altered in any manner, the new legislation is merely to be added.

The recently added admendment will take effect as of the Summer 1967 semester. The reason for the delay is that the new fall songleaders have not had a sufficient opportunity to fulfill this newly imposed requirement.

Another new legislation revision, which was still in committee at the time the Arcade went to press, will be, if passed, the lowering of the number of service points required of a Bee songleader candidates from 12 points to 6.

For girls who are interested in joining the Drill Team, whether to fulfill the varsity songleader requirement or not, sign up for first period gym in the fall and tryouts will be held at that time.

Mrs. Burbank reports that the Drill Team is in need of about twenty girls to bolster their ranks. She hopes that many girls will sign up and participate in the fall activities.
